LEO

Key developments over the next two months could change the face of your daily and personal life. The lunar eclipse on July 28 could bring unexpected or delightful change into your love life. Singles may feel inclined to make a commitment. The partial solar eclipse on August 11 will also shine a light on your relationships, prompting you to find ways to create harmony in your life.

THE SCOPE - JULY/AUGUST

ARIES

You'll appreciate the opportunity to embrace a fresh environment and to meet new people. Take the time to adjust to new circumstances. You'll also feel more grounded and earthed than you have for a while. The partial solar eclipse on August 11 will spotlight a particular goal, ambition, career or dream. Aim for collaboration and co-operation and distance yourself from conflict where possible.

TAURUS

A far-reaching plan will become more feasible and you'll appreciate the chance to put practical steps in place to make things happen the way you want them to. Someone influential may have a bearing on decisions now, especially at home and in your personal life. Luckily, Venus in Libra throughout most of August will help to bring balance and harmony into your relationships.

GEMINI

You'll appreciate being able to cover all your bases in July, creating more stability and security in your life. You may also find career and work opportunities flourish, so be ready to negotiate your way into new projects. The solar eclipse on August 11 may highlight where you would like to focus more in life; and what you'd like to let go of.

CANCER

It's time to re-invent yourself and to revitalise your closest relationships. It's all change over the next two months, with the partial solar eclipse on July 13 in your sign; and the partial eclipse on August 11 in your financial sector. A key project must be negotiated carefully. As a result, you should gain a sense of accomplishment and achieve particular goals over coming months.

VIRGO

While July will promote a more active social and personal life, August will be an excellent time to boost your work and health. A particular friendship or allegiance with a group may change tack during July, so ensure you take negotiations carefully. Singles may meet someone compatible, so ensure you set out to mingle! In August, be ready to let go of habits that you've outgrown.

LIBRA

Strong focus on your personal life over the next two months will enable you to experience more peace and stability in this key area.

You'll enjoy devoting more time to the people and the activities you truly love. In August, a reflective time will enable you to consider how you wish to move forward in the bigger picture. Your social life is likely to perk up again in August, too.

SCORPIO

The next two months will feature three eclipses, so this is a time of change. If there are areas of your life you have been hoping to transform, there's no better time than now. Some developments may even surprise you. Your career, status or general direction is likely to change tack, as you begin to express your creativity more. Romance could blossom, especially in August.

SAGITTARIUS

Chatty Mercury will encourage you to connect with people, so be ready to dust off your social and networking skills! A new horizon, brought on largely through new opportunities and the chance to boost relationships, will open new doors for you in July. In August, you'll appreciate the chance to infuse your life with peace and harmony.

CAPRICORN

The lunar eclipse on July 28 marks a fresh financial chapter, so where you feel you could budget or invest better, July is the month to make progress in this area. Your personal happiness will also come under the spotlight. Ask: where in life do you find most fulfilment? Try to think outside the square as this is where you will find inspiration now.

AQUARIUS

July's eclipses will activate your work and health zones, making these two vital areas of most focus. Look for upbeat change that could align you more with a sense of accomplishment. Be ready to try something new both at work and in your health program. A key partnership or agreement may undergo changes, and you'll find purpose in pursuing activities that resonate deeply.

PISCES

You'll experience a sense of fulfilment and accomplishment in new ways in July. Your creativity and motivation should flourish, and you'll relish the chance to enjoy projects or ventures that engage you in surprising ways. In August, you'll continue your foray into new projects and ideas. In the process, you'll find new ways to share duties and forge friendships and collaborations.
